

# PRATLEY®

## Waterproofing Shrouds

- **Standard Shrouds** are for use with Pratley Adjustable, Flameproof cable glands, Ex e cable glands, Aluminum Alloy Cable Boxes and Ezee-Fit Cable Boxes
- **Long Shrouds** are for use in corrosive environments with Pratley Adjustable Cable glands only and cannot be used on boxes.
- **NEW Silicone Shrouds (Red)** for use primarily with the Pratley Tunnel Box in extremely high temperatures and are fire resistant.

---

## Inner Seal Kits for Pratley Adjustable Cable Glands

- Seals pressure tight against cable bedding
- Fitted with a nipple gasket and shroud
- Will maintain IP68 rating if fitted with a nipple gasket and shroud

---

## Compression Conversion kit for Pratley Adjustable Cable Glands

- For use with Pratley Adjustable Cable Glands
- Replaces the cone bush in an Adjustable Cable Gland for SWA cable so it may be used with any circular unarmoured cable

---

## Adaptors for Pratley Adjustable Cable Glands

- Pg. and Imperial Adaptors
- Replace the standard nipple in the Pratley Adjustable Cable Gland
- The gland may then be screwed into Pg. (DIN standard) or Imperial threaded entries respectively

# PRATLEY®

---

## Extended Length Nipples for Pratley Adjustable Cable Glands

- For Pratley Adjustable Cable Glands
- Nickel plated
- Replace the standard nipple when required with exceptionally thick gland plates

## Earthing Tags for Pratley Adjustable Cable Glands

- For use with Pratley Adjustable Cable Glands
- **Note:** More than one earthing tag may be required depending on conductor size and length

## Locknuts (Nickel plated, steel and brass)

- For use with Pratley Adjustable Cable Glands, Compression Glands, Ex e, Ex e Ultra, Ex e Compression, Enviro and Enviro Compression Glands
- **Note:** Unplated brass locknuts can be supplied on special request. Steel locknuts should not be used with single core cable due to heating effects.

## Adapter Bushes for Flat Twin and Earth Cables

- For use with Pratley Brass Compression Glands and Pratley Tufflon Compression Glands
  - Refer to Sales Leaflet No. 9310
-

# PRATLEY®

## Asibus Compression Bush for Asibus Cables

- For use in a Pratley No.0 Ex e Brass Compression Gland and a Pratley No.0 Ex e/d Enviro Compression Gland

## Replacement Flame-Seal Bush Kits for Pratley Ex d/e Flameproof Cable Glands

- SABS 10086-1, 10086-2 and the OSH and MSH acts require periodic inspection of equipment installed in hazardous locations
- These kits are designed as replacements for Ex d glands where inspection has revealed that the integrity of the existing bushes has been compromised
- **IMPORTANT SAFETY NOTE!** The correct bush kit must be selected and fitted. Failure to do so will lead to a dangerous installation! The number moulded on the replacement bushes should also be checked against the number moulded on the existing bushes to ensure the gland is not an obsolete design.
